

Exam Tips

Free student resource. Use it, print it, and share StudyHub with a friend.

During the paper

- Read the full question before answering.
- Circle command words: explain, calculate, compare, discuss.
- Show workings even if unsure.
- Do not spend too long on one question.
- Leave space and come back if stuck.

After a practice paper

- Mark with memo in another colour.
- Write weak topics in a list.
- Redo wrong questions without looking at memo.
- Track your score and average.
