

Life Sciences Diagrams Pack

Free student resource. Use it, print it, and share StudyHub with a friend.

How to revise diagrams

- Cover the labels and redraw from memory.
- Use arrows and label lines neatly.
- Learn function with each label, not only the name.
- Practise diagrams under time pressure.

Diagram checklist

Topic	Draw from memory	Label all parts	Explain function
Cell structure	■	■	■
Human heart	■	■	■
Digestive system	■	■	■
Plant leaf cross-section	■	■	■
DNA structure	■	■	■
